Powy and IGD Siiq: agreement to promote electric mobility and the installation of charging stations in some shopping centers

Milan, 27 July 2026 - **Powy**, a company that owns, develops and manages Italy's leading independent network of public charging infrastructure for electric vehicles, and **IGD – Immobiliare Grande Distribuzione SIIQ S.p.A.**, one of Italy's leading operators in the retail real estate sector specialising in shopping centres and listed on the STAR segment of the Italian Stock Exchange, have signed an agreement for the installation of **new electric charging stations at IGD-owned shopping centres**.

The new infrastructure will be gradually activated **throughout 2026**, starting with the first installation rolled out in April at the Maremà Centre in Grosseto. This initiative marks a concrete step forward in promoting electric mobility and sustainable solutions, offering users the ability to charge their vehicles quickly with energy sourced entirely from renewables. The plan also includes expanding the infrastructure with new installations in **various locations across the country.**

The charging stations will be equipped with **advanced technologies and will offer different power levels**, ensuring an efficient and accessible service for all. Customers will have multiple options for using the charging stations, including the **Powy Charge** app, which makes it easy to locate available points, follow the charging process, and finalise payment safely and effortlessly.

Federico Fea, CEO of Powy, said: *"We are delighted to partner with IGD on this project, which seeks to elevate the quality of the electric-vehicle charging experience. This is further confirmation that industry leaders – such as IGD – with proven expertise in electric-vehicle charging and a strong focus on service quality, choose Powy."*

Roberto Zoia, CEO & MD of IGD, stated: "*By working with Powy to foster more sustainable mobility, we are furthering our commitment to decarbonising our shopping-centre portfolio. Powy's new installations join the 175 electric car charging stations already in operation in our centres and managed by various operators, contributing to the achievement of the target of 200 charging points set out in the 2025-2027 Business Plan."*

About Powy

Powy is active in the development and management of public charging infrastructure for electric vehicles. It is headquartered in Turin, Italy, where it began commercial operations in 2021. Powy's network comprises various types of charging infrastructure (from quick to fast, to ultra-fast) located in highly strategic locations, providing energy from 100% renewable sources. This allows us to offer EV drivers cutting-edge solutions suitable for all their charging needs. Info: www.powy.energy

IGD - Immobiliare Grande Distribuzione SIIQ S.p.A.

Immobiliare Grande Distribuzione SIIQ S.p.A. is a key player in Italy's retail real estate sector. IGD owns a rich portfolio of shopping centres located throughout Italy, which are managed by in-house asset, property, facility and leasing management divisions. IGD also acts as a service provider, managing portfolios of institutional third parties. An extensive domestic presence, a solid financial structure, the ability to plan, monitor and manage all phases of a centre's life cycle, both freehold and leasehold, as well as ongoing investments in retail and technology innovation, ensure IGD's position as a point of reference in the retail real estate sector.
The Company, listed on Borsa Italiana's STAR segment, was the first SIIQ (Società di Investimento Immobiliare Quotata or real estate investment trust) in Italy. IGD's freehold portfolio, valued at more than €1,704.8 million at 31 December 2025, includes 8 hypermarkets and supermarkets, 25 shopping malls and retail parks in Italy and a portfolio of shopping centres in 8 Romanian cities, which are managed directly based on the same model used in Italy.
The Company also holds 40% of two real estate funds which are comprised of 13 hypermarkets, 4 supermarkets and 2 shopping malls for which IGD manages project, property & facility management activities.
